Travel Stories

We asked three people to tell us about their last vacation and what made it special. Here is what they had to say:

Savannah, 23

The last place I went to was Venice. It was so beautiful with a lot of canals and little streets. It was very confusing, though. We got lost every day! I went with my boyfriend. It was very romantic—we went on the best date ever at a tiny restaurant right on the canal.

Tania, 25

I traveled on my own for my last vacation. I made all the decisions about what I wanted to do—it was wonderful! I explored Paris alone. I made some new friends on one day and had fun with them, but I prefer traveling on my own.

Oliver, 19

My last vacation was good and bad. I went with my best friend, but on the second day, we had a big argument! I spent the next day on my own. On the third day, we started to talk again. After that, we had the best time ever. It was a strange vacation, but we enjoyed it in the end.
