

Turkish Economy, Eco 403

Week 12

Mahir Fisunođlu

Turkish Economy, Eco 403, 1

- After 2008, The Mortgage Crisis
- 'Quantity easing'
- Turkey's increasing financial investment to the Treasury Bonds and Istanbul Stock Exchange.
- Intensive privatizations.
- Heavy investment to infrastructure (highways, airports, bridges, dams,..., and residential houses).
- Declining growth rates after 2015, increasing current account deficit.
